The fee paid is for included services and represents a courtesy accounting adjustment for payment in full at the time of service. An initial fee is \$299 for one individual... and only \$249 for each additional family member: which represents an additional savings of \$324 off the total value of up to \$623.

Eligible family members include spouse and dependent children up to age 26. Fees are due and payable when services are rendered and are non-refundable when services have been provided. Savings duration is for one year from registration date. *All patient portions for services received are due at time of services in order to receive QDP savings.* All members of a QDP family account will have the same anniversary date as the primary member.

For additional treatment needs, interest-free payment plans of 3, 6 and 12 months duration are available upon request with approved credit through Care Credit. Repayment duration is based on service totals and procedural type. If you choose to use Care Credit, your QDP Savings and interest free payment options will be customized for your repayment needs.

Please notify our office at least 48 hours in advance if you must change your reserved appointment. Appointments missed without notice will result in loss of included benefits.
